

United Way of Greater Chattanooga is committed to establishing equity as an integral part of our vision for a community where all people achieve their full human potential through education, stability, and health & well-being. We believe achieving equity is an intentional and continuous effort and requires collaboration and problem-solving from our staff, partners, members of the community, and everyone in between. No one person should be hindered by their identity to achieve success and reach their full human potential, and we place this at the foundation of our work.

We unequivocally denounce racism/ethnic discrimination because it undermines the well-being and vitality of our communities. UWGC strives to engage community members, especially those whose voices have traditionally been marginalized.
